

Wall mounted storage solution

Save valuable bench top space by holding and storing pipettes in the Universal Pipette Holder, by Heathrow Scientific

The pipette holder comes with two wall mounting brackets that each hold two pipettes and is supplied with different colored upper and lower segments that easily slide into place

Secure

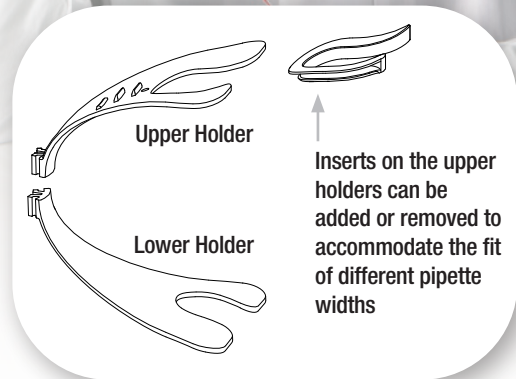

- Upper and lower segment inserts easily slide in place to securely hold virtually every known brand of pipette
- Segments unique design includes traction grips that center pipettes allowing for easy one handed removal and replacement

Adaptable

- Inserts come in two separate colors allowing for color coding, quick identification or just to add a pop of color to your workspace
